Here at Mo Move, we don't believe in a percentage-based commission. Regardless of your property's size, location or standard the cost to market and sell your home efficiently is the same. All of our clients deserve the same attention to detail and 5-star service regardless of the value of their home.

Having recently sold many gorgeous homes at Nansledan, we have a huge amount of knowledge and experience ensuring we will find you the BEST buyer at the BEST price.

Our aim is always to exceed our client's expectations with a transparent service that focuses on an exceptional and personal experience at a justifiable cost.
