Now selling - a unique selection of Cornish inspired 2, 3 & 4 bedroom homes by award winning developers

Building a better place to live

For the best part of a hundred years, CG Fry & Son has been concentrating on what we do best: building proper homes for discerning people. We take the best of traditional design - tried, tested and appropriate, not ruled by fads and fashions. We use the finest quality materials, selected for performance and

lasting good looks and we apply the skills and expertise learned over generations, taking pride in our work.

Our NHBC award winning site manager leads an exceptional team to deliver homes with immense character built not just for today, but for future generations to enjoy.
